Description

An enthusiastic & detail-oriented Entry Level Frontend Developer with proficient knowledge in HTML, CSS, JavaScript as well as third-party libraries such as Bootstrap & React. Seeking to utilize my technical skills & expertise to provide value to the employer & contribute to successful projects both today & in the future. Aiming to take on new challenges & utilize my coding & debugging skills for developing new features & enhance the overall user experience. I have attended 500+ hour coding bootcamp to learn new skills while sharpening existing skills. Ready to apply my passion for coding to a talented web development team to develop quality solutions.
